Part 2b. Description of Payment Card Busines	S
Describe how and in what capacity your business stores, processes, and/or transmits cardholder data.	Working Solutions, LLC offers customer care/ call center services by providing agents, Customer Service Representatives (CSRs), both local and remote.
	The CSR local agents connect to their customers over private MPLS circuits. VOIP phones are configured to automatically connect to their customer's networks. Firewalls and routers that allow only network traffic which is considered necessary and required for business are located between each call center environment and Working Solutions, LLC customers.
	Remote agents connecting over the Internet use Microsoft's Multi-factor authentication (MFA) which is hosted within Azure. Once authenticated, all VPN traffic is routed internally to the customer's networks. Working Solutions, LLC does not store, process or transmit cardholder data in any form.
Describe how and in what capacity your business is otherwise involved in or has the ability to impact the security of cardholder data.	Working Solutions, LLC does not have the ability to impact the security of cardholder data because agents connect directly to their customer's internal networks (merchants) prior to any interaction with cardholder data. Working Solutions, LLC does not process, transmit or store cardholder data.

Section 3: Validation and Attestation Details

Part 3. PCI DSS Validation

This AOC is based on results noted in the ROC dated October 21, 2019.

Based on the results documented in the ROC noted above, the signatories identified in Parts 3b-3d, as applicable, assert(s) the following compliance status for the entity identified in Part 2 of this document (*check one*):

- Compliant: All sections of the PCI DSS ROC are complete, all questions answered affirmatively, resulting in an overall COMPLIANT rating; thereby *Working Solutions, LLC* has demonstrated full compliance with the PCI DSS.
- Non-Compliant: Not all sections of the PCI DSS ROC are complete, or not all questions are answered affirmatively, resulting in an overall NON-COMPLIANT rating, thereby (Service Provider Company Name) has not demonstrated full compliance with the PCI DSS.

Target Date for Compliance:

An entity submitting this form with a status of Non-Compliant may be required to complete the Action Plan in Part 4 of this document. *Check with the payment brand(s) before completing Part 4.*

Compliant but with Legal exception: One or more requirements are marked "Not in Place" due to a legal restriction that prevents the requirement from being met. This option requires additional review from acquirer or payment brand.

If checked, complete the following:

Affected Requirement	Details of how legal constraint prevents requirement being met
